Mrs. Kennedy with the tools of her trade. Mrs. Politis gives serious instruction.

## English gets brand new start

The English Department got a brand new start by getting all new 1982 copyrighted books. This updated the English department and made instructing and learning a "new" experience. The new curriculum is enjoyed by the students.

Clockwise:
Mr. Scafuri gives students a view of Chi-
na.
Mr. Lynn pauses from notes for a picture. Mr. Oriss takes a historical view of Social Studies.

## Laws to lifestyles

The Social Studies department offers a variety of courses. They range from ninth grade Civics to Senior Economics, Psychology or the Advanced Comprehensive Social Studies for the truly daring.

## Languages reveal cultures

The language department deals with the civilizations of other worlds quite different from our own. Through learning the language and the way of life, students understand the many cultures of the world.

Miss Doreza makes a point in France. Mr. Saylor explains the German Civilization.
Mr. Calgaro gives a little help in a Spanish assignment.

Lori smiles as Mrs. Calfo shows her her good grades.

## Mathematics Grows in Numbers

Calculators, slide rules, compasses and homework all add up to preparation for math classes.

Mr. Persin helps Kerri, Larry, and Eric with their programs.

## Mind over matter

The Science courses range from the computer to the human body, from chemistry to the laws of motion. In the science department, we can explore the physical sciences or the biological sciences.

Mr. Braun shows Alpha how to run his program. Judy and Brad learn the skeleton from Mrs. Smerdel.

## Practical Arts

 are usuable skillsThe Home Economics department teaches us how to prepare a home through cooking and sewing. In the Industrial Arts, students learn such skills as wood work and printing techniques.

Mrs. Fedak takes the cake.
Mr. Hebda carefully cuts the wood.
Mr. Vallor explains the intricasies of
printing.

## Writers and producers

The Quill and Scroll consists of the newspaper and yearbook editors. They are responsible for producing the Valistic and the Swissvalian. These girls light the way to journalism.

Helping them "light" the path are the Lighting and Stage Crews. These groups illuminate our assemblies and play productions.

## Swissvale students take care of business

The Business Department has always been outstanding in preparing the students for the business world. Here we learn the language, mathematics and machine skills useful in a career in business.

Amy March, Caroline Bratina, Lori Taylor, Scott Akers, John Talento, Sally Mrazik, Kevin Schockling.

## Water Safety Aids are in the swim of things

Our water safety aids, most of which are trained lifeguards lend a helping hand at the pool. They encourage and oversee safety for all other swimmers.

demire. Third row- Dave Smith, Ken Smith, Mr. O'Reilly-advisor, Dan Pezzulo.

## D.E.-a head start

Distributive Education gives students a chance to get an early start on a career. By getting out in the business world, they learn by doing.

Left: 'Ols shows us how to "set."
Below: Mr. Rocco calls all the plays in his gym classes.
Above: Mr. Cecil expresses the fine points of swimming to his class.

## Physical Education on the move everywhere

The Physical Education department tries to give students a wide range of curriculum which takes them into the gym, outside to the track and field, and into the swimming pool. Gymnastics and volleyball, karate and basketball and football, tennis and field hockey, these all get students involved in some type of physical activity.

## Forbes Road is the "trail" to the career world.

Forbes Road teaches the basic skills needed to make a career and life for oneself. Students may choose courses ranging from brick laying and butchering to dental hygiene and data processing. Students then learn all aspects of the courses they choose.

## $Y$-Teens do more!

To be a $\boldsymbol{Y}$-Teen is very special. New members are "little sisters" and old members are "big sisters." There is an initiation for little sisters each year and this year's was a little more extensive than those of thepast. On November 18, 1982, the girls wore their clothes backwards; they had to clash, be mismatched or both. On November 19, 1982, the little sisters wore pajamas and a ponytail on the top of their heads, and the big sisters wore sweat suits. Little sisters also were required to make lunches for the big sistesr. All of the girls exchanged small gifts. $\boldsymbol{Y}$-Teens also sponsors the Sweetheart Ball.

## Varsity club . . . athletes/scholars at the top of the heap.

The Varsity Club, sponsored by Mr. O'Reilly, consists of students who achieve in the classroom as well as in their individual sports. To be a Varsity Club member one must be involved, in some capacity, with a varsity sport. The members are usually recognized by their jackets and sweaters and also with a banquet at the end of the year. This is to congratulate them for their terrific work and to encourage them to continue.

On Thursday, October 21, a mountain of flames from the bonfire radiated a luminous glow over Dickson field. This was the beginning of Homecoming weekend. On the following day, the competition sophomore, junior, and senior class floats ended with the sophomores and the seniors in a tie. The next event to follow was a football game between the Swissvale Flashes and Kittanning, which ended in a disappointing defeat of the Flashes. Following the football game, the weekend was coming to a close with the Homecoming dance held at the Edgewood Club. -A Feeling-
Sports has many meanings: competitiveness, ability, group and personal efforts. But the most important part of sports is overlooked. It is the feeling formed when people act as a unit.

Even if individualism is a part of an activity, a certain bond is formed that can't be explained. It is a feeling of loyalty, responsibility, commitment, and love- a love unlike any other. You become a brother or sister to those involved.

This feeling is also found in clubs, organizations, activities, and all friends that associate in one way or another.

The feeling is Friendship, and one only has to look beside him to find the feeling.
-Michael-

## District Christmas Tournament

1982 brought about one main change in athletics for our high school. Because the school population was one person over the AA Division, the Flashes were moved to AAA competition. Instead of competing against schools such as Bishop Boyle, Brentwood, and Clairton, the Flashes took on the likes of Penn Hills, McKeesport, and Central Catholic. The team had two seniors who led them through their demanding schedule. Darin Poindexter, standing $6^{\prime} 5^{\prime \prime}$, started at center. He possessed a smooth jump and a great deal of rebounding strength. The other
senior, a veteran of four years, was Ron Reynolds. Ron broke all school scoring records and is now identified as the school's all time leading scorer. He and Darin possessed the leadership and ability the team needed to compete on their new level. During the highlight of the season, they guided the team to win the championship game against Turtle Creek in the Christmas tournament. Coach O'Reilly's leadership remained as the guiding factor in the Flashes this season. He feels proud of all his players, and wishes them all the best for the future.

## J.V.'s hold a competitive edge.

The 1982-83 Junior Varsity Team has also been switched into the harder AAA division. The players, though, do have and exhibit the spirit to compete and win. The season offered many challenges, but the team, under the guidance of Coach Lucas, met them and performed admirably.

## Golfers take a swing at new section.

The Varsity golf team started its season on August 28. Coach Shields felt optimistic at the beginning of the season due to the change from AA to AAA, but through the matches Jim Stoehr was undefeated, Mike Connolly lost only one match, and Mike Evonich played an even 500. Mike Burns also fared well through the matches. Underclassmen Paul Hoover and Vince Delcorso will form the nucleus of future golf teams.

Swissvale-Bowl-A-Rama was the sight of the bowling club's action. Thanks to Mrs. Maksimchuk, many enjoyed organized bowling. ## Wrestlers grapple with new section and a young team

The wrestling team is beginning to build. The team consists of only two seniors and twenty-two underclassmen. This rare occurance can only be beneficial in the years to come. Head Coach Bob Ladick and Assistant Coach Bill Rawson along with Captains Joe Colaric and Larry Chappell have all the leadership qualities and knowledge that the team needs to compete in the tough AAA Division. ## Guys and Dolls show their stuff

What do you get when you put 41 talented people on stage? A Great musical, that's what you call Guys and Dolls. The play revolved around not one, but two love stories. One about a gambler who falls in love with a mission worker, and the other about a different gambler who falls in love with a nightclub dancer. An excellent cast as well as an exceptionally good orchestra made this play one of the best ever.

Counterclockwise: "Reach for the sky, Guys and Dolls. So, is there a crap game or what, guys? The "Hot Box Dancers' show their talent as the mission band plays through another verse of, "Follow the Fold.
