Activities

"They're a little large aren't they?"

The combination of farm girl, Greenwich Village, and night life set the scene for the Jr. Class' production of "Love is Contagious." From the start the epidemic spreads, and love was found to be contagious. Imagine your predicament if your best girl arrives just as an attractive Miss appears clad in a bathrobe asking directions to the bedroom!

This energetic club leads the cheering for the Golden Flashes during the football and basket-ball seasons. The members of this club make all the posters and signs for the halls and auditor-ium and provide each student with a badge bear-ing a clever slogan pertaining to the forthcom-ing game. At the Glassport game this year, the mem-bers of the Pep Club formed the victory lane for the Flashes to run through at half time. Together with the cheerleaders, the Pep Club inspires the school spirit that a victorious team should have.

Spanish Club

French Club

The purpose of the French Club is to gain a better understanding of the French language and the French people. Students must have completed at least one year of French to become members, but do not have to be enrolled in French the year that they join. The French Club has made numerous trips to the Carnegie Museum to see French paintings and sculpture. They also attended a French lecture at Buhl Planetarium.

The Spanish Club, under the sponsorship of Miss Baker, showed commendable accomplishment. Their meetings were planned to promote the knowledge of the Spanish Language, customs, and traditions through the use of audio and visual aids. During the Christmas holidays, pinatas were made for the Children's Hospital and the Club went caroling in Spanish. The Club also helped to organize a tutoring service for students needing help in learning Spanish.

The Future Teachers of America is a national organization that acquaints the members with the teaching profession. As in the past, the senior members of the F.T.A. become teachers for a day on

"senior day." They relieve the teachers of their classes and teach the underclassmen. Many former SHS students return to give the members first-hand information about the different colleges.

National Honor Society

Throughout life, we strive to excel so that we may gain recognition. In the secondary schools, the election to the National Honor Society is the reward for which the conscientious student aspires. However, scholarship is not the only attribute emphasized in this organization. Service is also a main objective. The National Honor Society of Swissvale High School demonstrates this objective by their fine tutoring program for other students. The development of leadership is also stressed. Those who have been elected to the club are expected to set an example for the rest of the student body. They must not seclude themselves, but rather they must show the others the importance of the ideals of the National Honor Society. The final attribute which the Society develops is character. Through the functions and ideals of the National Honor Society, the high school student is prepared to enter the business world as a leader in his chosen occupation.

Student Council

The Student Council is a group of young students trying to better the school, but more important, they represent the student body by whom they are elected. Student Council's main activity this year, which almost all the students backed, was sending a petition to our boys in Viet Nam, letting them know we were right behind them. Some of the other activities were: Holding a Christmas Semi-Formal, having an exchange day with Edgewood High School, and, as in other years, sending flowers to parents or students who passed away during the school year.

Quill and Scroll

The term "Quill and Scroll" is the title given to the International Honor Society for High School Journalism. Membership is earned by the student through recognition of devoted interest in creative work in the writing arts. Members of the publica-

Varsity Club

The Varsity Club is composed of boys who have qualified for admission by playing 51 per cent of the quarters and value to the team in football and basketball, and 51 per cent innings in baseball, or by being one of the first few members of the golf team. The hope of being awarded to the Varsity Club gives the members of our teams an extra reason to play as best they can.

National Thespians

(Troop 895)

The stage crew of SHS, although made up of as many girls as boys, is a very hard-working organization. Its main job is to wash, paint, and set up the flats for the class plays. Even with the hard work, they manage to have fun. The results of the "crews" work forms the foundation for the "curtain to rise."

The National Thespian Society was established to honor those students who achieved distinction in the field of dramatics. Troop 895, of Swissvale Area Joint High School, is composed of students who have gained sufficient points on the National Scale through participation in the junior and senior class plays.

One must always remember that football is a game, and although to win is desirable, someone must also lose. This "someone" seemed to be the '65 Flashes.

In many cases this season the actions and attitude of our "Flashes" in defeat proved very important. Our "inexperienced" ball club profited many ways during the course of the nine games. They showed what they could do against West Mifflin South, Turtle Creek, and Glassport and gave the fans a chance to shout, "Victory!"

If one considers FOOTBALL, as an activity that builds a person not only physically, but more important, builds character, personality, perserverance and habits of conduct, then, the boys who practiced those long, hard hours every night after school; who passed, ran, and tackled in the never-ending mud and rain are sure to be successful as adults. And even though our boys didn't get all the breaks, they never said "die."

The 1965 Goldflashes brought the fourth consecutive Alle-Mon Conference Championship to Swissvale High.

It took this long, hard season to prove the old cliché . . . "It's not whether we win or lose, but how we play the game that counts."

With a season record of six wins and eight losses, the Flashes finished the '66 season in fourth place in Section 7-A. There are some incidents about the season that we just can't forget . . . the sensational shot that Ken McWilliams made from beyond half court with only one second to go in the quarter; and the team finishing the last season game scoring 66 points for a Victory!!!

PLAY-OFF

Swissvale	0	Baldwin	1
-----------	---	---------	---

Baseball 1965

For the first time since 1948, Swissvale won the Section eleven championship. Losing only to Penn Hills and finishing with a conference record of 13-2, Mr. Jerry Bejbl proudly and skillfully coached the Swissvale Nine to the play-offs. Our opponent was Baldwin High. The statistics showed that the teams were well-matched, and although Baldwin was the victor, 1-0, our boys could not have played better.

The outlook for the '66 season is still uncertain, but with ambition the team will come through.

Senior Poem '66

As graduation arrives, we the Class of '66
leave S.H.S. with a tear in our eyes.
As we start to recall our three high school years,
we remember our mixed emotions and first "ZOMBIE" fears.
There were the yellow gym suits, stacked lockers,
and confused lunch rooms,
And never forget the piercing odor of the
Chemistry Lab fumes.
Our JUNIOR year introduced "Agatha," the class play,
homework, and college boards, really filled the day,
Our waterfront Prom, with its theme "Harbor-Lights,"
Brought our class much excitement and many delights.
And now as SENIORS, we bid farewell
To teachers, books and that "never-ringing" bell.
And when we look back on the three years spent here,
The "not so new" halls, autographed desks, and walls,
We'll forever hold dear.

THE FOUR-WAY TEST**

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

Until now, most all of the important decisions in your life have been made by someone else. You didn't select the neighborhood you live in. You didn't select the schools you attended. You didn't have too much to say about the things you studied or the work you had to do. And, of course, you didn't select your family.

All that starts to change now. When you graduate, you become your own decision maker. You decide about starting a family, about school, where you'll live, where you'll work.

When you make a decision about work, we urge you to first consider the opportunities at Union Switch & Signal. While you are working and earning, you can take advantage of Union Switch & Signal's educational program and earn a degree at one of the local universities.

College engineering graduates have tremendous opportunities in Union Switch and Signal's newly modernized research laboratories equipped with all facilities and instrumentation for present and future research and development requirements. Engineers at Union Switch & Signal work with components for space vehicles, railway control systems, remote control systems for pipelines, and many other projects for the steel and mining industries. These men can also further their education and earn a masters' degrees with company financial support.

Union Switch & Signal also offers fine opportunities for high school girl graduates interested in secretarial and clerical work.

Union Switch & Signal is known throughout the world for its accomplishments in the rapidly growing fields of electronics and automation. We'd like to have you know our company and share our growth.

We, the SENIORS of Room 28, bid a fond farewell to SHS. In graduating, we leave behind our many contributions to the Jr. prom court, Jr. and Sr. class plays, majorettes, Student Council, and the many other activities in which we participated. To the Faculty and Administration a vote of thanks for patience, understanding, and guidance. To future classes the hope that your return will be as great as ours for every contribution you make. Last, but not least, to Miss Gregg we express our appreciation for her persistent efforts in our behalf. May she always remember her share in the CLASS OF '66.

The production of a year book is a complicated and time consuming task, which needs the help and guidance of many different people to produce the finished product. With this in mind, we, the 1966 SWISS-VALIAN EDITORS would like to express our sincere appreciation to our patient sponsor Mrs. Pfeiffer, who spent many long hours correcting, proof-reading, and revising our material. Secondly, the Foote and Davies Publishing Company and their representative Mr. McWilliams both deserve a big "thank you" for showing us the "in and outs" necessary for producing a rewarding book.

A book wouldn't be anything without a cover so we wish to acknowledge the S. K. Smith Company and Mr. Stewart for their assistance.

Also, we want to extend our thanks to Terrace Arcade Studios—Mr. Phillips and his photographers Mr. Agate and Mr. Glagola, who were always pleasant and willing to give up their time to attend our numerous school events so that our '66 SWISSVALIAN would contain a record, through pictures, of our school year.

And finally we want to acknowledge all the faithful advertisers and patrons who support our BOOK financially.

Without these people, the 1966 SWISSVALIAN, the record of your school year could never have been possible.

THANKS A MILLION FRIENDS!

Forward into tomorrow
